

Clamshell Lathe Axial Feed

Extend the Versatility of your Clamshell Lathe!

Mactech's Axial Feed Accessory is an attachment for our popular and reliable Clamshell Portable Lathes. The Axial Feed Accessory is designed for machining along the length of round pipes, tubes or shafts.

The optional backing plate adds rigidity and provides precise positioning on the workpiece. The Axial Feed Accessory is ideally suited for removing weld overlay and can also perform precise machining operations.

The Axial Feed Accessory can be installed on all Mactech LC, US and USS Clamshell Lathes.

Weight: 18.2 lbs (8.3kg)
Tooling: Accepts standard 1/2 inch tooling (12.7mm)
