

# Prepzilla Lift Ring with Spring Hanger Accessory

Long hours can fatigue operators on any job-site, which is why we have created the Spring Hanger for the Prepzilla MILLHOG.

This accessory hangs the tool at an ideal angle for operating the throttle and feed, while the spring provides a perceptible feel that the tool is aligned as the clamps tighten the machine to the pipe I.D.

The Spring Hanger provides a perceptible feel that the tool is aligned to the pipe I.D. when tightening the clamps.

Designed to hang the machine at an ideal angle for access to the throttle and feed.

## Specifications

- Weight: 2.32 lbs (1.05 kg)
- Adds 3.0" (76.2mm) to side of housing
- Spring travel: 1 inch
- Steel Lift Ring assembly

## Key Features

- Safely supports the weight of the tool
- Spring allows for up/down movement while mounting tool to pipe.
- Hangs tool at ideal angle for operating throttle & feed

## Includes

- Spring (P-103A)
- (2) Shackle (CD-44)
- Lift Ring Assembly (P-103D)
- Mounting Screws

Housing Holes Necessary for Mounting

NOTE: Housing NEEDS mounting holes for both accessories. Older model Prepzillas may not have threaded holes necessary for mounting.
