

60" Extended Arm for AX14-45 Flange Facer

The original AX14-45 Flange facer has a working range of 356mm (14") to 1143mm (45"), however with minimal work the original AX14-45 Flange facer working range can be extended to 1524mm (60").

Simply remove the existing arm assembly complete with toolpost by loosening 4 Off - M12 Capscrews with heel clamps and 3 Off - M12 Hex nuts, before removal and refitting with the 60" extended arm assembly.

This enables the original machine to operate using the existing mounting bases, and all the original optional extras are compatible and interchangeable with both arm variants.

Extended Arm Features:

- Range 14" to 60" (355mm to 1524mm)
- Proven durability over many decades
- Ergonomically designed
- Quick set-up

60" Extended Arm	
Surfacing Arm – 60"	Part No.: KIT01-599-000032
Optional Extras	
AX14-45 Flange Facing Machine	Part No.: FMG55-599-000191
