Quality Policy	Date: October 2020
	Page 1 of 1

The Directors of the Beckenham Engineering Group Limited are dedicated to the continual improvement of each business concern within its portfolio. Each business model has a structured top-level management system, with the ownership of operational procedures and system compliance. Where this policy is applicable the business and the scope is detailed below.

MACTECH EUROPE LTD

The design, manufacture, procurement, sale and rental of on-site machining equipment and provision of on-site machining services

Beckenham Engineering Group is committed to providing products and services to the highest standards which meet our customer's specified requirements. We are totally committed to achieving specified requirements and the reasonable expectations of our customers. We aim to continually improve the effectiveness of our Business Management System (BMS) to benefit all interested parties.

The management team has developed, and are maintaining, a BMS that conforms and meets the requirements of ISO 9001:2015 so that it can provide and maintain a consistently high quality in all work we undertake. Our BMS ensures that appropriate communication, process and record control are generated for all work undertaken.

All employees of the Beckenham Engineering Group, and its subsidiaries, continue to promote these aims and objectives. All employees are supported according to their individual needs for personal development, training and facilities.

The BMS and associated objectives are set and reviewed annually, as a minimum, during the ISO 9001 Management Review

Customer satisfaction is one of the company's main priorities and we aim to be the preferred supplier of all our customers. The company's senior management are committed to the safety of the company's operations, and in particular, to the occupational health and safety of employees, customers, contractors and general public.

The Directors of the company ensure that all employees are made aware of the Quality Policy and that adequate resources are given to them in respect of the Quality requirements to ensure continual improvement.

Mark Davies
Managing Director
