

16 Inch Round Cut Off Diamond Wire Saw-SS

4.5 to 16 inches (114 to 406mm)

Cuts pipe, multi-string casing and pilings, even cuts bundled wire

The Mactech 16 inch Cut-Off Diamond Wire Saw is designed for ultimate versatility and restricted space situations.

The small 16 inch cut-off saw makes it ideal for smaller projects and an excellent tool for quick diver setup.

The ultra compact and lightweight nature of the DWS-16co make it an excellent choice for a variety of subsea cutting projects.

Subsea projects times often take place in rough conditions and the robust design will help meet those challenges.
